Carefree | *Superior strength and technology*

Quality • Value • Performance • Style

Mirage is the strongest, most durable lateral arm box awning available. The one-piece mounting bracket provides a firm, dependable installation.

Mirage™

110V power operation

Full 10' projection ◦ Beautiful sleek look

Superior design ◦ Largest color selection

Lateral arms for maximum head clearance

The Mirage with Direct Response™ Electronics includes easy-to-use controls and the Motion Detection System. This unique system detects canopy movement, the most important element to help prevent wind and weather damage. With Direct Response Electronics, the Mirage automatically retracts when the canopy reaches a predetermined level of movement—and you set the movement level on the control panel. Available with white or black case and in over 50 beautiful acrylic colors.

Mirage Awning Acrylic fabric with white or black case *(Includes direct response retraction system).*

Direct Response Remote Upgrade Kit		-

All Mirage products are special order.

Mirage™ Direct Response™ Electronics *Simply the best auto retraction system available . . .*

The Motion Detection System *automatically retracts the canopy when it senses continuous movement.*

Optional Wireless Remote Control *allows you to operate the awning from around your campsite.*

The Mirage closes *into a heavy-duty, resilient aluminum case for travel. No worries about damage or billowing on the road!*

Carefree | *12 Volt* Eclipse™

Quality • Value • Performance • Style

Comfort and convenience with the push of a button

Adjustable pitch ◦ Retrofittable
Self leveling ◦ Automatic rain dump

The extraordinary 12 Volt Carefree Eclipse redefines power awning ease and convenience. Just push the button to extend the Eclipse to a full 8' extension. The Eclipse stays secure even when only partially extended. Push and hold the button to retract the Eclipse and it rolls up tight against the coach. There are no locks or latches. The motor itself locks the roller securely during travel for protection against billowing. The Eclipse features Carefree's exclusive Instant Pitch Adjustments. Arm sets available in white, black or satin finish.

The Eclipse is unmatched in style, beauty and strength. Requires a flat, unobstructed mounting area of 70" x 4.5" from the awning rail down.

Eclipse Arm Sets and Accessories Upgrades

8' Extension Hardwired *(Includes wall switch)*

Item/Finish	Part#	Wt.	Sugg. Retail
12v Eclipse Arm Set - Polar White - Adjustable Pitch	VX2550HW	52	-
12v Eclipse Arm Set - Black - Adjustable Pitch	VXJE50HW	52	-
Eclipse Direct Response Upgrade Kit *(Motion Sensor)*	SR0036	3	-
Wireless Remote Kit *(Only works with Eclipse Direct-Response Upgrade Kit)*	SR0014	2	-
Additional Key Fob *(Must have Wireless Remote Upgrade Kit)*	SR0015	1	-

Roller assemblies sold separately.

Adjustable pitch *Choose from six settings on each arm for maximum shade and rain release. The Eclipse has the highest head clearance of any vertical arm awning.*

Self-leveling *No need to level the awning before rolling it up, it rolls back to your last setting. The rain-dump feature releases water on a flat pitch canopy.*

Retrofittable *You can either buy the complete Eclipse awning or upgrade your existing Carefree or Dometic/A&E roller assembly. Just switch out the arm set!*

Convenience options for your Eclipse

Direct Response™ Electronics

Innovative Direct Response Electronics includes the Motion Detection System and Easy-to-Use Controls. The system senses canopy movement and the Eclipse automatically retracts when it senses continuous movement. Choose from three sensitivity settings: Low, medium or high.

Eclipse Wireless Remote

Operate your Eclipse awning from almost anywhere around your campsite with push-button Remote Control convenience.

NOTE: Your Eclipse must have ***Direct Response Electronics*** *before purchasing the* ***Wireless Remote Control*** *option.*

See page 74 for Eclipse roller ordering information

Carefree | *Powered awnings aren't just for the big rigs anymore!*

Quality • Value • Performance • Style

Adjustable pitch awning has six settings on each arm.

12 Volt

Travel'r™

Ideal for motorhomes, 5th wheels and travel trailers. Easy, push-button operation.

Buy the Travel'r as a complete new awning OR upgrade your current manual Carefree or Dometic/A&E patio awning to push button operation.

Great looks and proven reliability:

Now your Travel Trailer or 5th Wheel can have the same ease and convenience as a big motorhome. The Travel'r incorporates some of the proven design features used on Carefree's popular 12V Eclipse at an economical price. It features integrated styling and mounts flush to the RV to help the arms blend into the sidewall for a great look. The truss-support design provides superior strength and maximum head clearance for easy access to your patio area. Like the Eclipse, the Travel'r features effortless operation and peace-of-mind that the awning won't billow. Arm sets available in white or black finish.

Direct Response™ Electronics for Travel'r

Automatically retracts your awning when canopy movement exceeds the predetermined threshold, protecting your awning when you're not around.

Available in three models:

Adjustable pitch model is ideal when you want the instant pitch adjustment not found on the flat pitch or steep pitch models. You decide which pitch is best for your needs at each campsite. Requires a flat mounting area of 67" x 3.5" from awning rail down.

Steep pitch model is ideal for taller motorhomes and 5th wheels with high awning rails. A steep pitch provides more shade and a more compact arm length, perfect for mounting at the goose neck area of 5th wheels, where longer arms won't fit *(for example, Eclipse and flat pitch/adjustable pitch Travel'r arm sets)*. With a steep pitch there's never a worry about water pooling on your canopy. Requires a flat mounting area of 59.5" x 3.5" from awning rail down and 15" of door clearance.

Flat pitch model is ideal for motorhomes and travel trailers with low awning rails or *(if upgrading)* patio awnings mounted over a slideout room. This model also incorporates Carefree's exclusive ***Rain-Dump*** feature that automatically releases pooled water. Requires a flat mounting area of 67" x 3.5" from awning rail down.

Travel'r Arm Sets and Accessories Upgrades

8' Extension Hardwired *(Includes wall switch)*

Carefree | Pioneer™

Quality • Value • Performance • Style

Quick, easy manual operation

Manual Operation
No springs or travel locks to unlock. Just crank it out.

Pioneer Endcap Upgrade Kit
Replace your springs and convert your existing Carefree Fiesta or Simplicity awning to easy operation.

No locks or straps to fuss with ◦ Crank mechanism ensures taut canopy
Billow Proof ◦ Single track slider ◦ Simple operation

Buy as a complete awning:

The Carefree Pioneer manual awning is the easiest full size patio awning to operate. No need to worry about unlocking travel locks/spring mechanisms or fishing for pull straps with this awning. To open the Pioneer, simply turn the hand crank. Once it's is fully open, slide the single track slider arm up to the roller and tighten the rafter knobs. Now you can raise the roller with the lift handles to any desired pitch. It's that simple. For an exceptionally taut canopy, backwind the crank to make your canopy as tight as a drum. There's never a need to re-tension your canopy. In breezy conditions, the worm gear mechanism will not allow your roller to unwind. When finished using your awning, lower the roller tube, loosen the rafter knobs and slide the rafter arms to the closed position. Then, just turn the telescoping hand crank in the opposite direction until the roller is tight against the coach and you're ready for travel. That's it. There's no locks or straps to fuss with to prevent billowing in transit. The crank assembly automatically locks the roller in place. Available in all fabric styles and colors including Carefree's patented Alumaguard or Uniguard.

Or convert your existing Carefree awning . . .

Change your existing 1998 or newer Carefree Spirit, Fiesta or Simplicity patio awning to simple manual crank operation. If your current awning fabric and roller are in good condition, purchase the Pioneer Endcap Upgrade Kit. Your springs will be replaced with the crank mechanism. Available in white or black finish to match any arm color. Crank handle sold separately.

Pioneer Arm Sets *(Includes hand crank)*

Item	Arm Height	White	Black	Satin	Wt.	Sugg. Retail

Carefree | Pioneer Lite™

Quality • Value • Performance • Style

Sleek, low-profile and lightweight

Pioneer Lite's manual crank operation is a snap to use.

Pioneer Lite's arms are light, yet just as strong as bulkier arms.

Easy-to-use manual crank operation ◦ No springs ◦ No travel locks
No billowing ◦ Lightweight ◦ Affordable

Pioneer Lite's lightweight and sleek design is perfect for today's RVs and easy on the wallet. Easy to handle yet sturdy, the low-profile design looks terrific on the side of your vehicle.

Pioneer Lite has the same features and benefits as the Pioneer awning in a lightweight design. When extended, the arms can be left on the RV or rotated down and placed in the carport position *(vertical)*. The awning pitch is adjustable, so it can be set to optimize shade or rain run-off.

Or convert your existing Carefree Spirit, Fiesta, Simplicity or Dometic/A&E awning to simple manual crank operation. If your current awning fabric and roller are in good condition, purchase the Pioneer Lite Arm Set. Your springs will be replaced with the crank mechanism. Available in white or black finish to match any arm color. Includes telescoping crank handle.

Carefree | Fiesta™

Quality • Value • Performance • Style

A premium awning at a great price

Choose from Standard, Armored or LTD models

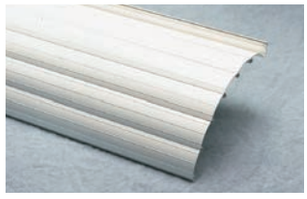
Single Track Slider *for smooth sliding action without binding is standard on the Fiesta.*

Easy No-Wand Remote Lock
There's no reaching with a pull cane to unlock the awning.

Self-Storing Canopy Clamps
Keep your awning tight and wrinkle free.

Color Castings
White arms come with white castings, all others get black.

Optional Add-A-Rooms *can nearly double your living space and help keep the bugs out.*



Rugged Alumaguard Metal-Wrap *protection is featured on the Armored and LTD models.*

Beautiful Acrylic Fabric *along with Alumaguard protection define the Fiesta LTD.*

The Fiesta Awning looks better, lasts longer and has proven itself over and over again with years of outstanding performance. The Fiesta features the strongest arm channels available. Don't settle for the competitor's less rigid awnings—Demand the Fiesta Awning for complete peace of mind.

Available in three models: The ***Standard Fiesta*** features a rugged double-wrap, multi-layer vinyl canopy with vinyl weatherguard that looks better and lasts longer. The ***Fiesta Armored*** features the same vinyl fabric with Alumaguard. The ***Fiesta LTD*** features acrylic fabric and Alumaguard.

See the following page for Fiesta part numbers and pricing

Carefree | Campout™

Quality • Value • Performance • Style

Easy to set up and easy to store

You should insist on a Campout over any other bag awning . . .

The Campout Awning stores in a durable vinyl bag and a hook and loop fastener strap holds the rolled up canopy securely in place inside the zippered bag. The Campout works great with Carefree's Weekend'r room for extra living space. No other bag awning has self-contained hardware or such a wide choice of sizes and colors.

Campout's easy set up—Self-storing arms and braces simply fold into the lead bar. Flip-lock levers make arm and brace adjustment quick and easy. Only the Campout Awning offers such ease of setup.

Campout's durable construction—Heavy-duty aluminum channels, sturdy hardware and rugged vinyl fabric make the Campout the strongest bag awning available.

Campout's best looks—The Campout is available in a wide range of colors to perfectly match your trailer! The storage bag is white.

Mounting area—The Campout requires a flat, unobstructed area three inches longer than the bag size. For example, an 8'–5" Campout awning would require a mounting area of 8'–8".

Campout Awnings *Bag color is white.*

12V Pop-Up Camper Lift™

Just flip the switch to operate

There's no effort required to raise your camper top! Built-in limit switches stop your camper top at the desired height and the winch stops in the closed travel position when you lower it. When lowering, you can stop the Camper Lift any time to tuck in the fabric.

Easy DIY install. Simply change out your existing manual crank*. Uses the same bolt holes as your current lift mechanism and cables. Comes with a protective black cover.

**Current application replaces the DL 880 manual winch used by many manufacturers today. See your dealer for details.*

Raise your camper top in less than a minute!

12V Pop-Up Camper Lift

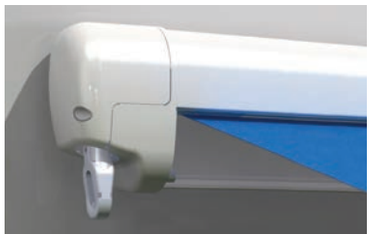
Item	Part #	Sugg. Retail
12V Camper Lift	**P30001**	-

Replaces Dutton Laison Model 880 manual crank.
Uses your existing crank and lift mechanism.

Carefree | Freedom™ Wall Mount

Quality • Value • Performance • Style

Sleek, easy to operate



Manual Model *comes complete with telescoping hand crank.*

12V Power Model *includes emergency manual override in case of power loss.*

Easy operation ◦ Sleek look ◦ Fast setup ◦ Self contained support arms
Unmatched beauty ◦ Fully protected canopy

Carefree's Freedom Wall Mount Awning is a box awning that mounts to the side of your truck camper or RV. It opens and the arms unfold as you turn the hand crank or push a button *(12 volt models only)*. The support arms fold out of the lead bar once it's at eye level and within easy reach. The support arms adjust easily with flip lock controls. To close, just fold the support arms up into the lead rail and crank in the opposite direction—or simply push a button on the motorized awning; the awning case closes and locks automatically. The 12V model includes a manual override if power is lost.

Full or partial extension If you don't have the space to crank your Freedom awning out to full extension, you can stop at any point, unfold the support arms and secure them to the ground or to your camper. Available in white, black or satin finish.

All Freedom wall mount awnings are available in white, black or satin case. Additional charges may apply.

Truckin' Awn™

Protect your entrance door!

Keeps rain out and keeps your entryway cool. Vary the pitch of the Truckin' Awn with convenient adjustable arms or raise one side higher than the other for effective rain release. The manually deployed *(standard)* vinyl awning has a 36" projection and the auto-rafter version has a 46" projection. The Auto-Rafter model locks automatically. Includes extruded aluminum awning rail, hinged arms & braces.

Truckin' Awn is a *SPECIAL ORDER* item.

Please see your dealer for pricing, specifications and ordering.

Carefree | Freedom™ Roof Mount

Quality • Value • Performance • Style

No latches to unlock

Manual Model *comes complete with telescoping hand crank.*

12V Power Model *includes emergency manual override in case of power loss.*

Easy operation ◦ Sleek look ◦ Fast setup ◦ Self contained support arms
Unmatched beauty ◦ Fully protected canopy

Carefree's Freedom Roof Mount Awning has all the same features and benefits as the wall mount version, except instead of mounting to the side of your unit, it mounts up on the roof. As it opens the arms unfold as you turn the hand crank or push a button *(12 volt models only)*. The support arms fold out of the lead bar once it's at eye level and within easy reach. The support arms adjust easily with flip lock controls to adjust for awning height. To close, just fold the support arms up into the lead rail and crank in the opposite direction—or simply push a button on the motorized awning; the awning case closes and locks automatically. The 12V model includes a manual override if power is lost.

Full or partial extension If you don't have the space to crank your Freedom awning out to full extension, you can stop at any point, unfold the support arms and secure them to the ground or back to your camper. The case is available in either white, black or satin finish.

Carefree | Vacation'r™

Quality • Value • Performance • Style

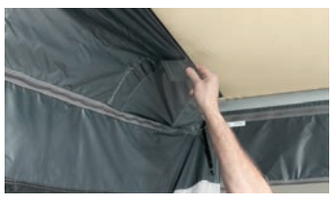
Fits traditional and 12V awnings with vertical arms

"The Vacation'r is made of tough, lightweight material. It's easy to carry, store and quick to set up. It comes with a convenient storage bag."

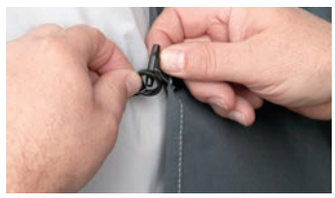
This high quality, lightweight room is specifically designed to fit nearly all traditional and 12 Volt patio awnings with an 8' extension.

Side panels attach to the rail slot and roller tube.

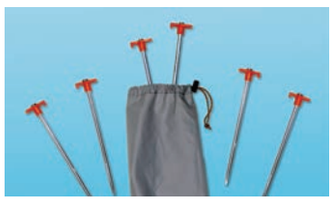
Multi-position privacy panels on the outside to help keep the rain out.



A tight seal all around helps keep out water and bugs.



Toggle-style attachments secure privacy panels with multiple settings.



Comes with stakes, skirting and a wheel well filler.

Zippered insert slides easily into the extra slot on the roller tube.

"No drilling or dealer installation required!"

There are no poles, rafters or permanent fasteners to attach to your coach. The Vacation'r's innovative design works seamlessly on awnings with a rain-dump feature.

Vacation'r Room — *Complete light weight room*

NOTE: Size refers to center arm to center arm measurement of awning frame.
Fits awning rail to ground measurements of 86" to 150".

Carefree | Weekend'r Room™

Quality • Value • Performance • Style

Fits Carefree Campout and Freedom Awnings

"It's lightweight, convenient and easy to set up. There's never any drilling or dealer installation required. Just attach it to your awning, and you're done!"

This light weight room is specifically designed to fit the Carefree Campout and Freedom Awnings. Setting up the Weekend'r is quick and easy. It takes less than 15 minutes to set up.

Perfect for picnics and relaxation. When you're ready to hit the road again, it goes back into a convenient storage bag.

Features include ground stakes, skirting, and a wheel well filler. Clear weather-view zippered panels on the outside keep rain out, and the zippered panels on the inside are for privacy. There's no drilling or dealer installation required.

"No drilling or dealer installation required!"

Carefree | Ascent™

Quality • Value • Performance • Style

Operates automatically with your slideout

"The Ascent is the most innovative automatic slideroom awning on the market. Nothing else comes close to matching its performance & style."

The ONLY slideout awning that works with the longest slide out rooms, including the "Super Slides."

The Ascent protects your coach from water, dirt and debris that can be dragged inside when retracting your room. Keeping dirt out will extend the life of your room seals and interior flooring. All mounting hardware is concealed for a clean, finished look. The Ascent has no travel locks or anti-billow mechanisms to fuss with. The Ascent extends automatically with your slideout.

Available in all Carefree companion awning fabric colors and styles with white or black finish.

The Ascent covered model features a fully enclosed roller assembly that provides both protection for your awning, and a sleek, modern look when closed for travel.

The Ascent comes in TWO models:

The covered model provides maximum fabric protection along with a clean, finished look. The removable hinged cover provides easy access for cleaning.

The standard model features all the same benefits as the covered model but with a wind deflector that resists billowing while still providing a sleek, unified look for your coach.

- A roller tray runs the entire length of the awning, eliminating the roller sag you see with other brands of slideout awnings—The number one reason for water pooling.
- The Ascent maximizes water run-off.
- Works with even the longest slideout rooms—Up to 32' lengths.

Ascent Slideroom Awning is a *SPECIAL ORDER* item.

Please see your dealer for pricing, specifications and ordering.

Carefree | SideOut Kover III™

Operates automatically with your slideout

Quality • Value • Performance • Style

Notice how the SideOut Kover III slideout awning integrates with the patio and window awnings for a sleek, modern unified look.

The SideOut Kover III with an aluminum cover to protect the fabric is shown top. The SOK III with wind deflector is shown below.

Protect your investment by covering your sliderooms with the SideOut Kover III. This slideout awning is a step above the rest. It works automatically with your slideroom and helps protect it from damaging leaves, debris and water. No other slideout product performs better. The concealed, built in cradle support prevents the roller assembly from sagging to enhance the unified, sleek, modern look of your RV. All mounting screws are completely covered and concealed to finish off the clean look. The roller tube, bracket assemblies, wind deflector and cover are all made of extruded aluminum for long lasting durability. The deflector and covered model are available in standard white, satin and black. White comes with matching white brackets and end caps while all other colors come with black. Deflector and optional cover prevent any billowing of fabric while traveling. Choose from any of Carefree's vinyl or acrylic fabrics, styles and colors to perfectly match your RV.

Tip: Under certain conditions, water may pool on top of any brand of extended slideout cover. If you retract your slideout in steps *(stop & go)*, the roller can take up the fabric and dump most of the water.

SideOut Kover III with Deflector & SideOut Kover III with Cover *(Complete—Includes awning rail)*

Includes roller assembly, wind deflector (or cover), mounting hardware & awning rail. Note: Actual length of SideOut Kover III (end cap to end cap) measures approx 5" longer than the fabric width.			**Vinyl Fabric with Deflector** *Part #'s below include white vinyl roller, white wind deflector & white hardware.*		**Vinyl Fabric with Cover** *Part #'s below include white vinyl roller, white cover & white hardware.*		**Acrylic Fabric with Deflector** *Acrylic fabric and white, satin or black wind deflector*	**Acrylic Fabric with Cover** *Acrylic fabric and white, satin or black cover.*

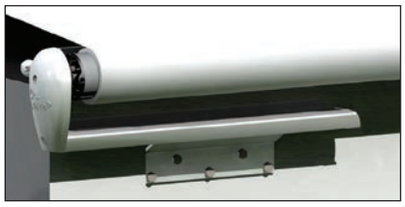
Carefree | Slideout Cover™

Easy installation, easy on the wallet

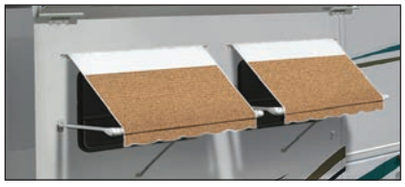
Quality • Value • Performance • Style

Great design, great looks

The Slideout Cover *combines worry-free, dependable protection, easy installation, dependable performance and elegant styling all at an affordable price.*



The Slideout Cover's *mounting brackets feature holes that match up to competitive brands for easy replacement.*



Complement *your slideout awning with matching SL Window Awnings.*

Automatically extends with your slideroom ∘ Built-in automatic roller lock prevents billowing
Helps keep leaves, dirt & debris off your slideroom ∘ Keeps your slideroom cooler and cleaner

The Slideout Cover is an economical slideout awning that automatically extends with the slideout room to provide shade and protection, without breaking the bank! There's no need for manual locks or wind deflectors: Carefree's exclusive roller lock prevents billowing while in transit. The lock automatically engages when the room is closed and automatically unlocks when the room is deployed. The roller tube and mounting brackets are made of heavy-duty extruded aluminum for years of use and peace of mind while protecting your investment. The Slideout Cover is available in our standard durable white vinyl and is finished with matching white mounting brackets and endcaps. Or choose black vinyl with matching black mounting brackets and endcaps. A beautiful slideout awning at an economical price.

The Slideout Cover is designed to fit rooms with box measurements from 42" to 196" lengths and up to a 42" extension in 8" increments. If replacing competitive brands, the hole-pattern of the mounting brackets match up, so you don't have to drill new holes. Order roller and hardware kit separately.

Tip: Under certain conditions, water may pool on top of any brand of extended slideout cover. If you retract your slideout in steps *(stop & go)*, the roller can take up the fabric and dump most of the water.

Slideout Cover Bracket & Hardware

Includes mounting brackets & hardware. Order roller separately.

Bracket	Flange Size Range	White	Black	Sugg. Retail
Short	0" – 3.25"	**KY25SH**	**KYJVSH**	-
Tall	3.25" – 5"	**KY25TL**	**KYJVTL**	-

See your dealer for details. Additional charges may apply.

Slideout Cover Roller

Order brackets and hardware separately

42 inch extension.
All standard canopies have white vinyl.
NOTE: Actual length of Slideout Cover (endcap to end-cap) measures approx 5" longer than the fabric width.

Slideout Cover Roller
Includes roller and awning rail. Order brackets & hardware separately.

A built-in wind deflector prevents the canopy from billowing. There's no additional anti-billow device to install or re-adjust. The SlideOut Kover II helps keep leaves, dirt & debris off of your slideout and keeps your slideroom cooler and cleaner.

The SideOut Kover II is a great-looking, top-performing slideout cover. It installs into an awning rail mounted just above your slideout. A spring loaded roller mounts to the slide-out so when your slideout moves, your SideOut Kover II unrolls. Accommodates extensions up to 42". Bracket assemblies are extruded aluminum finished in white. Endcaps and hardware are white. Fabric is heavy-duty white vinyl.

Tip: Under certain conditions, water may pool on top of any brand of extended slideout cover. If you retract your slideout in steps *(stop & go)*, the roller can take up the fabric and dump most of the water.

The SideOut Kover II features a full length aluminum wind deflector that prevents any billowing while you are traveling without having to use locks.

Carefree | Mats

Quality • Value • Performance • Style

Designer Awning Mat™

The strongest, most durable mats available. Dirt and water filters through. And they're hemmed all around.

The most rugged and beautiful mat on the market; colored vinyl strands and reinforcement fibers are loomed into a woven fabric then compacted and bonded for exceptional strength and durability. Constructed with reinforced brass grommets for staking mat to the ground.

Designer Awning Mats come in their own handy storage bag that can be re-used for years. Designer Mats fold up small for storage.

Camping Mats™

Essential for a Screen Room or Add-A-Room
Great for the beach, decks, boats and picnics!

A bit lighter weight than our Designer Awning Mat, but just as durable. The fabric is bonded, so hemming is not necessary. The bonded, reinforced fabric is manufactured with the same process and materials as the Designer Awning Mats, without the hem.

Camping Mats come in a storage/carry bag that can be re-used for years. Camping Mats fold up small for storage.

Carefree | Blockers

Quality • Value • Performance • Style

SunBlocker™

"Don't put up with the heat and glare of early morning or late afternoon sun."

The SunBlocker's weather resistant open-weave fabric cuts almost 85% of the light to keep you cool and comfortable—but it doesn't block your view! Fabric construction is a woven 100% polyester with a durable vinyl coating. It slips quickly and easily into the open slot on most awning roller tubes. SunBlockers come in a convenient storage bag. Stakes and cords included.

SunBlocker Sizes: 6' drop by 10', 15' & 17' lengths.

SideBlocker™

Shade the area under your awning with a 6' drop. Keeps you cool & comfortable and cuts the sun's glare.

SideBlockers add all-around protection and daytime privacy

SideBlockers block the glaring sun from the side openings of your awning. Set-up is easy. The loop end fits over a small bracket mounted by the awning rail, while the other end secures to the roller tube. Sets up on either end of your awning. SideBlockers come in a convenient storage bag. Stakes and cords included.

One size fits all on any conventional 8' projection awning. 6' drop.

Carefree | SL Window Awnings™

A sleek, unified look

Quality • Value • Performance • Style

SL Window Awnings have a clean, modern look and XL sizes are available to fit tall windows. They have the widest array of fabrics & colors and are protected by optional Uniguard™.

It's all about the look Save on AC and complement the sleek, finished look of your 12V patio awning and your slideout awnings. Uniguard blends SL Window Awnings with Eclipse, Travel'r and slideout awnings. Works with vinyl, vinyl FullView, and acrylic fabrics.

Also available in XL sizes! If your window measures more than 36" tall, you'll need SL XL window awnings. They come with a longer extension and utilize longer arms. Note the difference above. See your dealer for pricing and availability.

Carefree's optional Uniguard™ *(shown above)* is optional with vinyl SL Window Awnings. Uniguard lifts automatically to accept the SL Window Awning. In its travel position *(shown above left)* Uniguard shows a sleek profile. Arms and Uniguard available in white, black or satin.

12V Marquee™ Over-the-Door & Window Awnings

Quality • Value • Performance • Style

Marquee Over-the-Door flat pitch (3°) Awning

Marquee Window steep pitch (33°) Awning

The Marquee Window, Over-the-Door and Mirage Patio Awnings combine for a sleek, unified look!

Push a button and the 12V Marquee Over-the-Door and Window Awnings protect and shade your motorhome doors and windows from the sun and rain! "Scissor action" arms provide strong lateral support. The canopy is housed in a durable aluminum case. Over-the-Door Awnings have a slight pitch to allow for door clearance and the Window Awning model has a steep pitch for maximum shade. Together, they create a modern streamlined look, open or closed. Available in all acrylic fabric colors with standard white or black case.

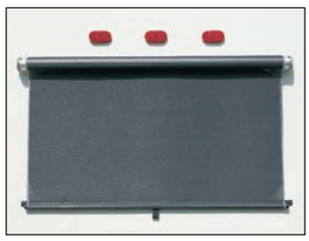
SunShades™

Sometimes rear windows heat up like an oven

"Carefree SunShades block the sun, keep it cool inside, and lets you keep your view."



SunShades are the perfect solution for RVs that have a rear bedroom window that won't take a window awning because the ladder or other obstructions block the arms.

The FullView SunShade rolls up for sun and down for shade. Unlike window awnings, it shades and covers 100% of the glass on your window so no matter what angle the sun is at, your RV stays cooler. You block the heat and keep your view.

*Size refers to center arm to center arm measurement of awning frame. Universal Replacement Canopies include (1) 1/4" & (2) 3/16" Polycords, Other vinyl colors are also available as a special order. See your dealer for details. Additional charges may apply.

Acrylic

Carefree Patio Awning Replacement Fabrics

For vehicles that already have a Carefree aluminum wrap, they'll fit your existing Carefree awning. Choose from five standard and many other custom colors. The vivid color lasts for years with only minimal care. Strong, beautiful and extremely durable.

Acrylic with metal wrap

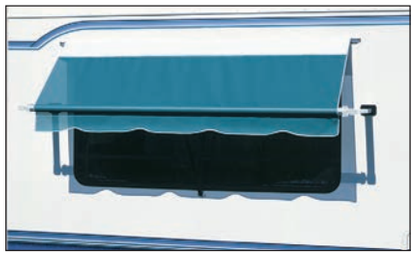
Choose from Alumaguard™ or Uniguard™

If your awning doesn't already have a protective aluminum wrap for the fabric, you can get the metal wrap included. Upgrade any fabric to the performance, look and feel of acrylic, and Carefree's Alumaguard or Uniguard will protect and enhance your awning. The acrylic with Uniguard combination is available for 12V and manual crank awnings only.

Fabrics with Alumaguard or Uniguard, or Uniguard Replacement Canopies are *SPECIAL ORDER* items.
Please see your dealer for pricing, specifications and ordering information.

Window Awning

Universal Replacement Fabrics



FullView

Vinyl

Acrylic

Fits all Carefree & Dometic Awnings!

Select from open-weave see through FullView fabric that cuts about 85% of the sun's glare. Or choose long lasting vinyl. Or you may opt for the beautiful vivid color of acrylic fabrics.

FullView, vinyl and acrylic fabrics come in a wide array of colors and patterns that are sure to match or complement any patio awning.

Slideout Awning

Universal Replacement Fabrics

Fits all Carefree slideout products and Dometic/A&E Slidetoppers

Constructed of longer lasting heavy-duty vinyl, nylon webbing is sewn into the fabric on the front and back around the polycord that slides into the awning rail. This extra reinforcement prevents the canopy from ripping or tearing at the seam due to wind flapping or water pooling—typically the #1 reason for slideout canopy damage.

Custom Awning Replacement Fabrics

Box Awnings

If the fabric on your box, door or other special awning is old, worn or torn, replace it with Carefree's Custom Awning Replacement Fabrics. Choose from vinyl, acrylic or FullView fabrics.

Over-the-Door

Truckin' Awn

Box window awnings

Pop-up awnings

All Replacement Canopies on this page are *SPECIAL ORDER* items.

Dometic
Cabana Dome Awning

Double the living space – porch, privacy/screen room or breezeway. Self contained RV dome awning. Widths of 7´, 9´, 11´, 13´. 8´ projection give flexibility to fit any RVer need and desire. High domed ceiling provies ample headroom. Heavy-duty, waterproof and fire retardant fabric. Ground Guard 500 denier waterproof vinyl keeps the ground dry and withstands foot traffic and patio furniture. Screen mesh panels and extra-tall wheel well skirt provide 360° protection from insects. Roll-up shades and side doors give added privacy. Stows on exterior of the RV, freeing up interior storage space.

747GRN11.000 11' RV Cabana Dome Awning

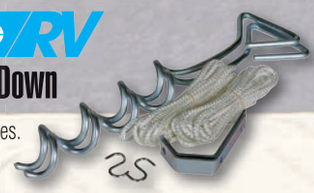
747GRN13.000 13' RV Cabana Dome Awning

CAMCO RV
Awning Wand

Easily extend your awning. Made of stainless steel and easy to store with an extended length from 11" to 47".

42544 Telescoping Awning Wand

CAMCO RV
Awning Tie-Down



Fits all awning sizes. Perfect for use at the beach. Spiral stakes work well in all types of soil. Many other uses in securing volleyball poles, dining flies or canopies.

42563 Awning Tie Down Kit

CAMCO RV
Spiral Anchor W/Ring

Secure your pet outside. Works well in all kinds of soil; ideal for securing in sandy areas. Swivel ring helps prevent your pet's chain from becoming wrapped around the stake.

42572 Spiral Anchor

CAMCO RV
Awning Straps

Secures awning arms while traveling. Helps reduce noise and rattle. Holds with velcro. Black, 2 per card.

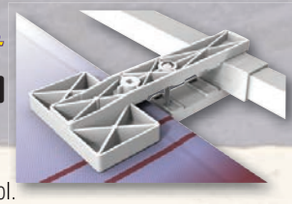
42503 Black 12" Strap

CAMCO RV
Awning Hold Down Kit

Secure awnings in breezy conditions through evenly distributed tension. Sturdy strap is wrinkle resistant with triangle rings to hold it flat and neat. Fits awnings up to 25'. Includes two steel 15" awning stakes. Once assembled, the unit is easily stored with no danger of lost parts.

42514 Strap Kit

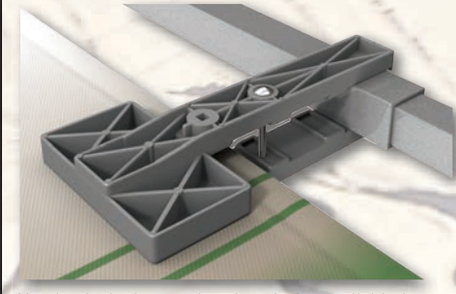
OP Products, Inc.
Awning Clamp



The best and easiest-to-use device for wind control. Secures tightly to the side arms of awnings to prevent wind flapping and accidental rips or tears. Will not harm fabric. No parts to replace. High strength plastic clamps come with a lifetime warranty. Fits most awnings.

10253 Awning Saver Clamp, White - 2-Pack

OP Products, Inc.
Awning Saver Clamp



Absolutely the best and easiest device available for wind control. Clamp is made of high strength plastic, is resistant to weather, rust and corrosion. Fits all awnings.

10252 Awning Saver Clamp, Gray - 2-Pack

RV Designer
Klippy Klips

High impact Plastic Clips with Rust-Proof Stainless steel springs, fast, easy, simple.

M111 Awning Clips

102 • AWNINGS & SHADE PRODUCTS

Awning De-Flapper

Protect your valuable awning from costly rips and tears while preventing noisy wind flapping. Made of durable nylon with UV stabilizers chemically resistant and rust proof. Universal fit. Soft non-marring grippers protect awning fabric. Can be used with screen room in place.

42061 De-Flapper

42083 Replacement Straps

De-Flapper Max

The De-Flapper Max provides maximum protection from rips and tears. The de-flapper proves secure holding power and easy releases. The soft pads grip without marring, staining, sticking or slipping. No holes, notches or rivets required to assemble. Easy to use velcro strapping holds the De-Flapper Max in place.

42251 De-Flapper Max

Awning Buddy

Stops awning noise & flutter in windy areas. 12" size gives more contact on awning. Locking levers allow easy installation and removal.

A30-0300 Awning Buddy

Heavy Duty Anchor II Awning Tie Down

Protects awning from wind and rain damage. Fits awnings up to 25'. Heavy duty 2" polypropylene webbing. Complete with two heavy duty 15" galvanized steel stakes and 8" tension spring. Comes fully assembled.

09253 25' Tie Down

Awning Tie-Down System

Hooks into roller tube of your awning. Fully rotates awning tube to keep fabric tight. Simply unhooks for quick awning take down. Keeps tie-down pressure on main support, not on fabric. Eliminates separation of awning fabric from RV side wall caused by strap-type tie-downs that put improper pressure on awning fabric.

A30-0200 Two Happy Hooks With Cord And Spiral Stakes

A30-0215 Spiral Stake

Awning Spring

This 7" spring replaces worn or corroded awning springs or stake frame canopy springs.

42532 7" Awning Spring

Power Hook

Awning tensioner pulls your awning roller taut, reducing the noise of flapping fabric without stakes or anchors. Easy installation requires no tools and attaches to existing awning hardware. Works on all makes of awnings.

42013 Power Hook Tensioner

Screen Door Awning Saver

KEEP THE SHARP CORNER OF THE SCREEN DOOR FROM TEARING YOUR EXPENSIVE AWNING. Opening your RV's screen door can be a disaster when the sharp edge of the screen door tears a hole in your awning. Simply snap the plastic Awning Saver on the corner of the screen door and end forever the nightmare of ruining your awning. Snaps on quickly and easily without tools. Made in the USA. 2/Pack.

42073 Awning Saver

Awning Roller

Protect awnings from damage caused when doors are opened and closed. The roller mounts permanently on the door and protects awnings from wear and tear without marring the awning itself. Easy to install.

42003 Awning Roller

Awning Saver Roller

Protect your awning fabric from rips, tears or scuffs that can be made by entry and screen doors. Heavy duty, extra wide plastic roller mounts easily to any entry door and special plastic disk to your screen door (pkg only).

05014-A Removable Awning Saver Roller

05004 Permanent Awning Saver Roller

Awning Replacement Knob

Coleman/Faulkner and A&E awning knobs., card of 2.

42303 Knobs

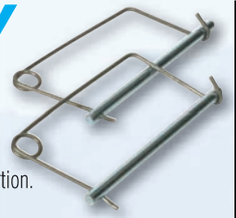
Awning Repair Tape

Permanent repair for rips and punctures. Aggressive adhesive; resists tearing in any direction. Use for RV awnings, boat sails, canvas, tents, rain wear, backpacks, pool covers and liners, seat covers, popup campers and more.

42613 Awning Repair Tape 3" x 15'

42623 Awning Repair Tape 5" x 15'

Awning Locking Pin



A universal fit for Carefree, A & E and Omni brands. Beveled for easy insertion.

42403 Locking Pins

Awning Lock Pin

Designed to secure awning arms during travel. Works as a replacement for both Carefree and A&E models. 3-1/2" useable length.

01164 2pk Awning Lock Pin

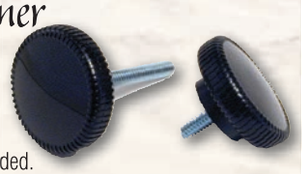
Awning Hooks

NEW

Sturdy sewn fabric tabs with grommets slide easily into your roller bar channel to hold lights, wind chimes and more. When storing, just remove the hooks; tabs can be left in place. Includes 7 tabs and hooks.

42733 Fabric Awning Hooks

Awning Knob

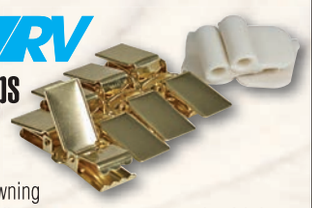


Long shank awning knob threaded. 2 per packet.

E351 Long Shank 2-Each

E353 Short Shank 2-Each

Lantern Snaps



Attach patio lights, screens, canvas or poly film to your awning quickly and easily. Open one end, snap to awning fabric, then simply snap the other end to the lights. Push the flexible tabs into the awning roller bar channel and attach the snaps to the tabs. Durable metal construction.

42713 Snaps

Attach-A-Snap

Excellent for attaching curtains, dividers, and wind protectors to awnings and tents.

05034 Attach-A-Snap
